

Studs Terkel Assignments

Now that the class roster has settled down, I've completed the character assignments from Studs Terkel's book, *Working*. At this stage, everyone has either four or five persons assigned. I want you each to choose *Two* to work with. Choose two as different from each other as possible...that shouldn't be hard, given the list of occupations. If you wish to trade with someone else, that's fine...I'll leave you to do the bargaining. I'll ask you for your choices in a week or so, and the choices will determine *which* sections of Terkel become our focus.
